### Make Some Happy Memories This Summer

When most people travel, they pick up all sorts of stuff: T-shirts, souvenirs, postcards. Some of it doesn't look so valuable by the time they unpack it. If you want to do something that will really make some happy memories this summer, please take time to give blood.

Hospital patients count on volunteer blood donors to help provided needed medical treatment. Because blood can be separated into different components, each blood donation can help save more than one person.

Whether you are planning a summer trip or just relaxing in the back yard, please take the time to help save a life and give blood this summer. Just an hour of your time and a pint of your blood can make a real difference in someone's life—and that's a feeling that will stay with you long after the souvenir t-shirt has faded.

Please call Dana Solomon at 239-5256 to make an appointment to save lives at our upcoming blood drive on Thursday, June 28<sup>th</sup> from 12:00 noon to 4:00 p.m. The drive will take place at the Southeastern District Health Department, 1901 Alvin Ricken Drive in Pocatello.

For information about this and many other events SDHD is offering, please see our Calendar of Events page on [www.sdhdidaho.org](http://www.sdhdidaho.org)
